- Sunnies Studios

Ava works as a Manager for the Transactions & Advisory Services department. She works together with her clients to find the most suitable space for their commercial requirements. In doing so, she acts on behalf of her client as their representative in searching for a space, negotiating the best possible terms for lease. After securing a space, she assists in everything real estate-related that they would need to get their space up and running, such as contractors and furniture suppliers.

Ava began with specializing in retail clients and has expanded her scope of client to office requirements. She has worked with multiple start-ups that are looking to start their operations in the Philippines.
